## Capsized+ free for the weekend

**Save some green this St. Patrick's Day weekend by downloading indiePub's action-packed survival shooter for free**

**CINCINNATI, OHIO (USA) – March 14, 2013** – Independent game publisher and developer, indiePub [Entertainment, Inc.](#) is offering **Capsized+** for iPad free for a limited time (regular price \$2.99).

**Capsized+** will be available beginning Friday, March 15, 2013, and will return to its regular price of \$2.99 on Monday, March 18, 2013. That means you can save a bit 'o the pocket green for your St. Patrick's Day fun.

When you're not tossing back a green beverage this weekend, get your hands on one of the best iPad games available. **Capsized+** offers hours of sci-fi gaming excitement thanks to its lush environments, bloodthirsty opponents and well-crafted touchscreen controls.

Don't believe us? Here are just a few of the glowing reviews of **Capsized+**:

- "Never got around to playing Capsized when it was released for PC? Well there's no excuse to miss out on it now... Capsized+ takes all the exploration and combat of the original and reworks it to fit on the iPad... I wouldn't have expected **Capsized+** to be so much fun on the iPad but it really is. Thanks in large part to the new control scheme." – 148Apps
- "Anyone who hasn't played the original but always wanted to needs to try Capsized+. It's a great port of a great game... Heck, even fans of the PC version might want to grab it because it's more portable. And it gives them an excuse to play it again." – my iGadget
- "The high level of detail creates an intriguing atmosphere that immediately catches your eye. Smooth animation and stunning backgrounds complete the amazing picture... The controls are perfect." - iReviewT
- "Fun and intense platform action with handmade graphics." - Tierra Gamer

**Capsized+** is available free for a limited time for iPad via iTunes (regular price US \$2.99). Capsized is currently being developed for Android devices and will also be released for Mac, PlayStation Network and Xbox Live later this year (2013).
